okay here is my honest review

once i sent him my letter he tested it and fixed some problems with my letter keywords and after testing the letter inbox he asked me for my leads and 2 e-mails for me he put e-mail at the middle of the list and one at the end so i make sure that my messages go inbox and that's what exactly happened

Vouch for the user he can do what he promise

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I took the 170\$ package, I'll review if it works good.

Still waiting since almost 48 hours...

Aexone ? - September 16, 2022, 11:19 am

Seems to be a scam, no reply since 2 days now.

Same for me, I sent the money on the 16th, but he still hasn't answered. Do you have a contract with him? If so open a dispute, and leave a negative B-rating, let's make sure no one else get scammed by him.

Aexone ? - September 18, 2022, 8:22 am

Yes I've a contract with him. Let's open a dispute for this f*cking scammer.

I will come back to this once they let me pm/start conversations.

Very interested.

mysterioustanmay - October 28, 2022, 8:09 am

I would like to have a test run before buying the service. If it goes well, I need 50k sends per day for the same type of message. Please let me know how to proceed.

stillworking247 - September 11, 2023, 10:19 pm

Is this service still available?

Mooooookie - September 30, 2023, 8:36 am

(Sep 11, 2023 10:19 PM)stillonline247 Wrote: [\[CITE\]](#) Is this service still available?Nope, don't believe it is. If you follow the thread, you will notice the guy ended up being a scammer. Which makes sense why he wouldn't conduct a 1k test for anyone, and was only offering to send 100 as test run. He would only do 100 for the test, because he knew that he couldn't inbox anything more then that.
