How confident are you in getting new clients for Website Development & Branding?

So Web Development is a very saturated expensive niche to run on. That being said, with the right landing page we can optimize the ads to send as many leads your way as possible.

This would be one business that wouldn't see good results right off the start. It would take time to optimize for HQ leads only and not wasted clicks.

are you able to do ads for private jet rentals and private yacht rentals?

my ads account is currently suspended for "unpaid balance", even though my balance is POSITIVE \$500, so google support is being stupid .

but maybe you can help to detail how to set up the search ads properly so that once i can use the

account, that will help me?

We are currently looking for a google ads expert, long term business.

Let me know what you think about it, thank you, have a good day.

After my offer, OP took time to create the strategy & keywords research to get the job, the only thing I can say is: he know what he is doing.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

JuiceBoxCereal - November 11, 2022, 7:45 pm

I'm looking forward to hearing some reviews of actual results. I'm looking for someone to outsource ads to eventually and use for my own ventures.

If you need someone to actually write out a lengthy review that can sell your service, if it's good of course, then let me know.
