They used to. The people who would actually throw a decent amount of money at groups are either banned or they left on their own. This isnt the HF from 8-10 years ago with people throwing around 10-12k on groups and shit. Them days is over.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

A blast from the past.

- Good luck selling this.

Aeowulf - March 30, 2023, 2:19 pm

Damn, if I had the BTC on hand I would go for it.

I've never wanted a group before... what in the world is making me want it?

arguably your expenses you said where affecting you in the first post (6 months ago btw) should of been long gone. If you have no other debts, would you rather be -8k or -4k on the group?

Groups have changed in the 6 months since you listed this, I'd ask for whether that 4k is still on, and take it. Because frankly, why should someone buy the group for 5k, do you actually think they could make that back, and whether it is a worthwhile purchase?

My 2 cents

My offer was the \$4k, and I've already purchased another group for \$2k. The only upgrade differences is that Olympians has an extra post star (\$500) and an extra subforum (\$250.) The only other difference is the appeal of usergroup color, but upgrades are the same. So I suppose it really depends on how much the blue color means to the buyer. It is a very nice color.

Need less to say, the \$4k offer is off the table.

What's the next highest offer [Zeus](#) ?

Neil - April 2, 2023, 7:20 pm

Damn, haven't been in the group section (or hf) for a while, but always wanted a group since I was in instinct/echo/others way back when lmaoo. Probably won't have time to fully manage it hands-on, so, anyone wanna go halves? (if that's even possible lol)

If I can't do halves, then I'll offer 3750 since the 4k offer is off the table.

~The next highest offer is \$5k i didn't take the \$4k so why do you think i would take less.

I'm not a brokie i know my worth and my group has the best colour + features than most groups.

Jesus, sorry didn't realise this was such a soft spot for you. Best colour is subjective, just because you have an opinion on it doesn't mean everyone else does. I think Blacklisted is the best, doesn't mean anyone else has to agree does it?

lol

As said groups are worth whatever the group owner paid and think they're worth not what new gens think they're worth because other group owners wanna sell their shtty groups for less \$.

Bounce off my thread lil incog and move to the next person xx

(Apr 3, 2023 08:53 AM)Incog Wrote: [\[CITE\]](#) Well, you can price it whatever you think it's worth but that doesn't set it's value. If I say my shoes are worth 30k cause I said so, doesn't make them that. But it's your group, so obviously you're free to sit on it if you value it that high, you bought it.

Idk why you're so toxic, I don't even remember being a dick to you, maybe it's my "new gen"ness. The market is set at what buyers are willing to pay, not what sellers post the listing for. Hence, this group has been sitting for as long as it has. Hopefully, the market will trend upward and make this a viable price point. He can live in his fantasyland regarding the current market conditions all he wants. There's a reason he's getting no offers.

The simple fact of the matter remains: no group owner is going to get out what they put in for upgrades. The state of HF does not support that financially. All groups are being sold at far less than they cost to create. Perhaps one day that will change, but it is unlikely to happen anytime soon. Until then, you will see Olympians & Marketers sitting and waiting on a moron to overpay.

Good luck with your sale [Zeus](#) .
