No. There is no vouch copy available as of now.

DashPHP - September 23, 2022, 3:07 am

If you're willing to throw in a vouch copy i'll make a reddit.

Thank you for showing interest but since this service consist use of some 3rd party applications like 2 captcha, so vouch copy won't be possible. I am sorry about this mate.

Okay, fair enough. 15 isn't too bad anyway, might give it a go after I see some sales.

So if I buy let's say 1k upvotes. Do the upvotes go on a single post or can I spread them over 10 posts or more?

Upvotes go on a single post.

Are the upvotes submitted continuously or is there a drip feeding process in place?

I don't understand your question. Can you please explain?

?nxy - September 23, 2022, 8:20 pm

I wish you good luck to your service.

So, continuous would mean whatever you can supply with a fairly basic algorithm pushing upvotes as fast as possible.

Drip feeding generating random results each time making it more believable within the span of hours or days.

392 - 251 - 445 - 158 etc.

If it's the 2nd, are you able to customize it?

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
