Thread: [Lil DuRk Private Crypting Service Cheap | WINDOWS DEFENDER CLEAN | RUNTIME 100%](#)

L1l DuRk - September 18, 2022, 2:28 pm

Lil DuRk Private Stub crypting service:

Advantages and Features:

- ~ .NET / NATIVE support | x86/x64 PE
- ~ Each file is unique each .exe file
- ~ Excellent runtime performance
- ~ Affordable prices
- ~ Fast Crypting time
- ~ Ability to Bind files together
- ~ Ability to set autoloader for a file
- ~ Bypass Smartscreen, google chrome, IE, Firefox browser, and more
- ~ Including legit certificate
- ~ compatible with all RATS, MINERS, STEALERS, CLIPPERS more
- ~ A significant part of the code is implemented in ASM
- ~ Startup addup
- ~ UAC addup
- ~ Guarantee to last up to 5days before detection

Contact:

TG: @baronbucc

Price:

\$60

RUNTIME AND SCANTIME RESULT:

I will be adding some results here soon.

Terms of use of the service:

- ~ Scanning files is allowed only on avcheck, antiscan, checkzilla (scanning on services like VirusTotal will lead to blocking!)
- ~ Refunds are possible if there is an error on the service side, but not otherwise.
- ~ No Sales Trash
- ~ Tos can be changed at any given time. [contract=tid]Start Contract[/contract]

Bug Fixed:

- Fixed some bugs in stub logic.
- Fixed some bugs in startup logic.
- Added UAC Bypass (Tested on Windows 10 and Windows 11).
- Mutated main detectable signatures
- Opcodes changed to identical
- Changed code generation SEED
