Hello all. I am actually not new here. I have been a longtime lurker. I have noticed that there aren't too many gift card sellers on here. I am looking to sell gift cards for different brands.

I have a shit ton of restaurant gcs. But would rather sell top brands. I can sell the food gift cards if you want also.

Currently i have
The Melting pot
Black angus Steakhouse
Grimaldis
Hopcat
Lazydog
Macaroni grill
Olgas kitchen
Spaghetti warehouse

For top brands i plan to get

GAP
Gamestop
Amazon.com
Wal-Mart
CVS
Hotels.com
Starbucks
Wayfair
Uber
Ebay
Home depot
Kohls
Target
Lowe's

I only have a few cvs at the moment. But plan to get more and the others on that list. Also.

The rate for the top brands will be 50% or around there. For the food gift cards. 25%. I will eventually put up the food gcs. Just i haven't gotten sales with them of late. In certain places. So i thought no one wants it. But maybe you guys do...So that's the introductions.

Oh, if need be. I can setup a trade on paxful. If you want escrow.

That's all, and if you need anything head over to my channel for updates and more.

How can you be a long term lurker while signing up just now?

You can't watch threads without having an account lol

Yeah i should probably explain that, i had another account i lost access to. Because i forgot the password. I used a temp mail or something like that. As well.
