Hello everyone, and today I would like to formally invite you to play a game that I've been playing for about the past 2 years. I only hope that you can enjoy it as much as I have!

- ABOUT -

FRAG is a free PvP hero game. Choose your hero, create your team, enter the arena and start the combat. Discover FRAG, the FPS and TPS battle game by Oh BiBi!

Play explosive 1v1 duels against players worldwide in this FPS and TPS game designed for your phone. If you prefer social games, don't worry; we have a 2vs2 online team game option.

PvP mode filled with epic battles:

- Join players from all over the world who love battle games
- Meet other players for short and crazy online PvP battles
- Control your character in first person (FPS) or third person (TPS) game views
- Discover the new 2v2 team mode! Cooperate with one of your friends or a random player to defeat the opponent team
- 100+ unique weapons: try them all

Personalize your gameplay for 1v1 matches:

- Switch between your 5 characters and gain the advantage
- Choose your strategy and lead your team to the victory
- Being dead isn't that bad: revive instantly with another character and start over
- Your battle team, your style: attack, defense, etc.
- Adapt the weapon to the map and to your gameplay

Create your own FRAG team:

- 100+ heroes for your dream team

- Customize the skins and the power to make your hero the absolute champion
- Play offline or online in the combat games
- Multiplayer is not a dream anymore, if you can play online, you can play with others
- 5 heroes means 5 weapons, find the right balance between all

Tips

- Every character has its strengths and weaknesses: try them all to see which ones are best for you!
- Both offline and online the heroes have the same powers!
- Attack the enemy target to get lots of points, but beware of ambushes!
- Check your missions for unique rewards!

New month, new hero, new meta:

- Same team can't win forever
- Nerf and buff custom designed monthly to ensure an exciting meta

In case you want to fire offline, don't worry, Frag lets you fire offline as well!

FRAG has everything a game needs: FPS and TPS options, auto-fire, and all the controls are adjustable to fit over your playing style!

So - won't you join me?

It's mid (Upgrader official review -IGN)

Zher0 - September 23, 2022, 11:36 pm

Looks interesting, but i could never get into an FPS mobile game. Needs to be on PC.

I appreciate your review. It's not a terrible game and the graphics are refreshing imo.
