Thread: [\[DISCORD BAN METHOD 4 SALE\] SERVER & OWNER BANNED/SUSPENDED. \[#1\]](#)

I am able to get discord servers banned and the associated account to the server also suspended im selling the method only.

I find this quite easy and haven't seen anyone doing this service so if anyone needs a discord server and there owner banning and wiping off discord, then here this is just for you, also can do separate discord accounts.

\$75 (method)

All these people begging for a vouch copy smh.

I am willing to pay if you go first as I have ordered this service from others 2 times before and none has been successful.

If you manage to terminate the server I will happily pay.

are they able to restore the server afterwards?
