ULTRA™ - September 27, 2022, 4:50 pm

Start earning big money really fast with my mentorship

What's included in my mentorship :

- How to create and VERIFY your [BRAND NAME REMOVED] accounts (yes, i'm talking about the photo verification!)
- Insights on the psychology of the sims and E-Whoring in general (That will DRAMATICALLY boost your earnings)

But also :

- How to find packs (that can contain verification pictures)
- How to setup your Snapchat or Social Media accounts
- How to maximize the realness of your E-Whore
- How to find customers on other places than [BRAND NAME REMOVED]
- How to SE your way out of difficult situations
- How to double/triple or even quadruple dip (eg: get paid 200 for a 50 bucks transaction)
- Packs can be provided if needed
- How to send real snaps from your gallery (eg: send a picture of your e-whore as a REAL snap, whether it's a video, a photo or even a story)
- How to safely cash-out your money without any fear of chargeback or investigation

And many, many, many more valuable tips and methods that I've been using for these past 6 years.

You only need to provide proxies, and have a SMS verification service (I can also show you how to set-up both.)
