?What a lucky day to be on HF today.?

I entered into my first development contract on HF. Definitely, it will help me to build my B-rating.

I requested [Bullup](#) to add me to the Money Masters group and guess what? He accepted. (Thank you for being so kind)

I got 500 Daily Check-In Bonus ?ytes from [Stanley](#)

Thank you, HF. ?

Congrats. Glad you're having a good day.

Those were supposed to be my 500 check in bytes lmao.

I have gotten it once though.

Thank you mate. How did you spend those lucky bytes?

I flip bytes a lot so they didn't last the night.

Ouch. Gambling sucks. I lost the 500 bytes that I got while upgraded to leet in playing Blackjack. Now controlled my addiction.

I mean unless you're going to use it for bumping threads or what not, might as well gamble them.

Bumping threads is good utilization of bytes for me.

I'm not doing anything important enough right now that would require me to need bumps.

You are an Uber member. You can easily start a thread in the CE section. Just a suggestion. Your bytes your decision.

I mean I have nothing to exchange lmao.

Yeah I know about that but I'm broke rn either way.

Sometimes I flip enough and get lucky and end up selling them but that's it for right now.
