Firstly I am not dissapointed with my purchase, I have never seen this method before online. There is a method similar to this publically online but I have never seen this version of it. This method is great for people with little money to start earning online! With it currently only costing \$15 I 100% recommend buying this since you can 100% earn your purchase back with this method and would only have to invest around €30!

Frequently Asked Questions

Q. Does this method work worldwide?

A. Yes, if there is Amazon in your country, this will work!

Q. Will this this method get saturated in the future?

A. Due to Amazon's support system, it can't be saturated. Even everybody on HF would follow this guide, it cannot get saturated.

Q. Do I need any investments?

A. No, you don't have to invest any money. But due to Amazons TOS your account needs total spendings of 50\$/6 months - but you can easily return your ordered items and get your money back. Amazon prime is recommended!

Q. Is the method legal?

A. This method is completely legal, you may violate Amazon's TOS, but if you stick to my guide, there is no chance you will get banned.

You are not going to convince Amazon support that you have returned items and didnt recieve any money or anything like that.

Q. How can I use my refund option?

A. Contact me on Discord/Telegram and provide me evidence, you tried everything - then you will get refunded completely.

TOS:

Spoiler ([Click to View](#))- I can change these TOS whenever I want.

- By purchasing, agree to all TOS.
- You must wait 30 days before you can attempt to claim your refund policy.
- If you want to use your right to get refunded, you have to proof me, that you have tried everything (screenshots, videos, etc.) - it has to be clear, that you tried your best.
- Opening a dispute or chargeback will automatically void your future updates, support, and refund policy.

Is related to AGC?

We will need to sell?

Involves requesting free/sample items + selling them?

Are no refunds involved?

Thanks

Beaks - September 29, 2022, 3:45 pm

No not related to AGC, you only need a regular Amazon Account - so no selling involved.

No selling of free samples/items involved - no free samples in general involved.

Refunding is optional, so you don't need to do any investments (by sending items back) - I am talking about normal refunding, no scamming involved!

No as I claimed in the Thread - no referrals, no FBA (selling on amazon), no blog...

my method is new to hf :)

Do You Want To Bet - October 1, 2022, 12:46 pm

just bought the method will it work probablyy it will take a while to get money. couple weeks probably. Can you make 100\$ maybe but most likely not . more realistic 10-20 a day if you spend time doing it.

Its legally allowed but feel like its morally grey hat nothing to bad just a little messed up. you would be negatively effecting someone else livelihood. For that reason I wont be doing it

I got my vouch copy from OP. Alright I'll just go through points. Not an essay writer myself.

This product involves amazon obviously but its nothing new to me.

You can literally use this method to try on Ebay or whatever similar platforms with less restrictions as amazon.

I could say is easy and common sense method but though once you understand how this works. You can always try it on other platforms as well as your own local buy and sell marketplace and tweak around it I am sure you can do much better. You can buy this method for the knowledge and concept and apply it everywhere else instead of just limiting to amazon.

No investment needed, you may have to place some orders on Amazon, but you can easily return the items and get the money back - I am talking about normal returning, no refund scamming or sth like that involved :)

does this involve fake reviews?

Stanley - October 21, 2022, 6:29 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

StuffSneak - October 27, 2022, 5:40 am

I received a vouch copy of this guide & below is my review:

Guide/Layout:

Not much to say here. It has a some spelling/grammar mistakes here and there but its nothing breaking. You can easily understand and follow the method.

Usability:

Obviously as said by OP, this does involve Amazon and you will have to order a few products. Apart from that, no investment required. As you are also receiving the products you purchase, it is basically no investment.

Now actual method is not really ground breaking. You can apply this to Amazon, eBay and similar marketplaces if you want to scale this. This will involve some work which is not hard. However I have to mention there are some external factors involved which impact the outcome so we have to keep that in mind.

Value for money:

This wont make you 100\$ per day or anything like that. Nothing here is autopilot and ROI is long for each trial so keeping that in mind, 15\$ is okay to spend for this method. Will you make money? You can if you keep persistent at it & there is refund guarantee as well so there is that.

Thank you for giving me a review copy. Good luck with sales!
