Hello. Let me know if you are willing to give a review copy. I would be happy to test and post my honest feedback.

I'm interested on getting a copy, if you're accepting MM.

Added you on Discord.

Gracioso - September 30, 2022, 11:31 am

interested in this. is the 1 hour of work min -- is that per day? or is it an hour for the setup and then autopilot? if it's per day -- what kind of work is it? detailed, waiting, etc..?

Fresco - September 30, 2022, 1:53 pm

Hey,

Is this autopilot?

Related to trading or arbitrage?

We need to deposit our funds to some external service where we dont have control over it?

Talk/chat with people?

Selling?

The more you invest, the more will earn?

Thanks

Is this the same as this -> <https://hackforums.net/showthread.php?tid=6207671> ?

Full legal?

Need to talk to people?

Selling stuff to people?

The 1h work consistes in what?

Beaks - September 30, 2022, 6:04 pm

If you would consider a review copy that would require payment upon earning with your method I would be happy to do this and provide a review.

I urge you to look at my perfect reputation on this site. Please review any negatives/neutrals/deal disputes, all are fake and more than half are banned.

littlemay - September 30, 2022, 7:53 pm

waiting for a reputable review but I am also happy to do a review for VC

PregoPastaSauce - October 1, 2022, 8:55 am

Purchased this method and will update with review shortly. Just sent OP some questions to clarify some of the method.

Edit: 8 hours later, still waiting on OP to reply.

It seems he hasn't responded to anyone in this thread. Even the buyers.

Nope, as of now; about 24 hours after delivery (36 hours after purchase) he has not responded to me. I'll leave a word of caution to potential buyers for now. The method he provided me was invalid/saturated and definitely not was advertised in the thread. I would like to believe it was a mistake and he sent me a \$5 ebook instead of the correct method - OP can respond and clarify the situation before I open a dispute.

The opening post looks like copied exactly from:

<https://hackforums.net/showthread.php?tid=6207671>

Just made little changes in statements. This is rather very concerning.

Gracioso - October 2, 2022, 8:08 am

I sent him a message on discord asking for info on this method. He responded after about 24 hours telling me to ask what questions I had. I responded saying there were questions/posts on his thread and that he should address them. Been about 13 hours with no response.

24 hours, still no reply from OP after purchasing method. Opened a dispute to hopefully get this resolved. OP: Feel free to send me the method you advertised or refund and I will consider this resolved.

He pretty much did a copy/paste of my thread design. Anyways I just want to confirm that my method has absolutely NOTHING to do with this guy or his thread/method. Really upsetting to see this.

There's a lot of fishiness here. I dislike the similarities between threads, lack of response, and what has allegedly been delivered so far sounds... wrong.

I hate jumping to conclusions, but I'd more so hate to see our group name giving credence to somebody up to no good. I'm removing him from the group for the time being, until there's more clarity on the situation.

If anyone would like to send me what has been delivered to them so I can review, that'd be appreciated.

A shame that he decided to exit scam (from the looks of it)... very odd choice for someone that active and old school, he could easily have made a legit income instead for long term here.

If he didn't have 2FA on i would have instantly expected his account to be hacked/cracked, but he has 2FA.
