Thread: [Web3 Boredom Brought Me Here](#)

Fynasty - September 30, 2022, 2:19 am

Hey, just came over from diving into Web3 for a search of a more 'entertaining' bug bounty experience.

(100000x10²⁵⁶ lines later...)

Probably going to jump around the two 'spaces'
learn a bit here and there
teach a little there and here

and spread the Fynasty

Pleasure to meet you all, time to cure my boredom ?

DashPHP - October 2, 2022, 10:58 am

Web3 is an interesting space... Think it may be the direction we're heading into.
