Thread: [Codah's Currency Exchange Service BTC <-> PP \[NEED \\$600+ BTC/LTC RN\]](#)

C0dah20 - October 2, 2022, 1:40 pm

This is my thread to offer CE services to people.

I am both BUYING and SELLING BTC/LTC for PayPal.

I will only accept payments from trustworthy people, payments are to come from your PayPal BALANCE. If I decide you are high risk or there are any issues, I will more than likely refund your PayPal balance - this is up to my discretion.

I buy for up to 0-6% + Preev rates when buying BTC/LTC.

I sell for 10-15% + Preev rates when selling BTC/LTC.

Please vouch on this thread when a deal is completed.

I want to receive payments as GBP mainly, but on certain occasions will accept USD. You are liable if there are any currency conversion fees.

To get in contact, add my Discord: D2A#8885 or Telegram: @B4CKUP21

I will do all deals on site using contracts but communication is faster using those above methods, especially Telegram.

Imposters don't bother - I know every trick in the book, you won't scam me with pretending you're another person on HF.
