It's more of a cool meme achievement if anything. Cooli and I are just so bored we keep track of this stuff. ?

That's still something. Also nice profit off selling eggs would be cool if you kept count of that

Michael - October 3, 2022, 3:01 am

That's crazy though, 2 times with the same person.

Seiyoku - October 3, 2022, 3:13 pm

That is incredible! I never even considered something like this to be accounted for.

I wonder if Deany had plans to do this?

It was literally unintentional. I just got them both randomly... We'll see what the 30,000th lottery holds ?

You're ub3r now, POG. Now you can put your own eggs in the lottery!

Hope you win mine, but tbh it's nothing special, just a regular ole red egg.

Cool! I got a blue award for it too! :)

Thank you, I really hope I win it too! I've never tried to win one before I don't think, so it would be nice to win this as my first! ?

Indeed. I think it will go away sadly once the ub3r expires though... Highly recommend getting the permanent ub3r whenever it's offered again from Omni. ?

Okay I probably will! Didn't plan to upgrade to Ub3r yet but I got a message from Stanley about a free \$10 Scratchcard if I get it within a week so why not.

Just scratched it while I wrote this post and won 2500 bytes!! ??

Won't get much for reds or greens tbh, only blue and gold have a decent rate nowadays. Still better than nothing...
