In this guide you will be shown a method to make money online. Its easy to execute as well as proven to work by multiple people. You will be earning an average salary from the comfort of your home with little to no work.

This method goes beyond any "free & public information" you've ever seen before. With step by step set up provided by me you are ensured success within hours/days of starting, regardless if you are beginner or advanced in terms of your skills.

Greeting,

the difference is in the support. If you decide to buy the Ultimate edition you have full support, if you decide for the standard, then you only get the e-book but without support. With the premium edition, you get basic support.

How are we getting traffic? Assume the daily investment is adspend? Fb ads? Google ads?

Are providing ad templates and copy and targeting, etc?

Guaranteeing \$400/wk from a brand new store is bold. Not saying you're lying - if you have proven/tested ads ready to go maybe.. having a good niche is only part of the puzzle you need to test, refine your ads and targeting. I have a lot of experience in this space.. looking forward to your responses. I may purchase because bud legit, it's a goldmine.

We get traffic through Facebook Ads hence why daily investment is needed. Yes you get Ad Template alongside keywords/targeting. Thanks for the interest.
