Thread: [Just finished \(almost\) a tattoo on my roommate](#)

ENVi0US - October 5, 2022, 7:59 pm

This is still a work in progress.

What do you guys think though?

Haven't been in the tattoo game for a little while so this is my first pickup back.

The fact that when I see your name I can label you as "the guy who never has anything positive to say".. this comment stands so true.

Thanks for commenting though.

What does it mean? Tar Heels sounds like some sort of heroin type beat stuff.

Also, shatter was making a joke.

Tar Heels is the football team for North Carolina. UNC. No drugs involved, Bucko.

Also, I know he was. I was just speaking in regards to everything I've ever seen him post, so. I'm not entirely wrong imo.

O, I don't watch football, but I assume college team?

Its also text, so its hard to tell what the true intention is.

Yeah, it's college.

And I agree. Text is never good for showing true intention OR emotion. Sucks.

How many tattoos have you done in total?

The exact number is hard to say, but throughout time I know for sure I've done 50+.

This one was done after being out of it for about a year.

I was going to say this one don't look like no beginner type that's why

ever use different colours?

mickeh - October 5, 2022, 8:10 pm

How long did it take you to do op?

Thanks for the compliment!

And yes, actually. There is going to be a blue shading at the top half once it heals. I take a different practice when tattooing, I don't like to over-irritate the skin.

(Oct 5, 2022 08:10 PM)mickeh Wrote: [\[CITE\]](#) How long did it take you to do op?
About an hour, roughly. And that's after going back over the outlines and adding drips + black shading.

Oh for sure. I want to post a thread showcasing everything I've done over the years since I've started but I have to go through multiple Facebooks as well as contact a few people to send me pictures.

Give it a few days to a week and it'll be finished with the blue shading added and I'll update the thread with the ending result. Thanks for commenting.

I was waiting for a messed up tattoo, but nice going. Make sure to update when finished. I can't draw anything on paper and I can't imagine doing it on skin.

To be honest with you I can't draw either, you can consider me a stencil artist, lol.

Thanks for commenting and I appreciate the compliment.

Yes his other ones are fairly small in comparison. If he wishes to make it into a sleeve I am sure it can be at least somewhat easily able to be done. Thanks for commenting!

No one said anything about being offended so I guess your go-to is assumptions.
All good, as you said.
One persons opinion is just that - an opinion.
"Bad judges" because it doesn't fit the criteria of what you consider 'good', while everyone else thinks it looks fine.
It's okay if you're having a bad day, just say that. ?

Like i said im not here to argue , but already you trying to feel better , so yes you felt offensive .
Trust me i dont have time to explain you why the words which you said is wrong . Also i didn't had a bad day , you just trying to feel again better with you .
Its not science to explain you why you feel offended , if you cant and tou have some serious childish problems write me so i can explain you.

You gonna learn something for yourself because i bealive you don't even know urself which is sad !
Peace ?

Linework is shaky, and proportions are off. Keep practicing. Still looks better than the one I got when I was one Heroin...

Whatever helps you sleep at night. You're not a therapist or a mediator, and I'll be damned if I reach out to someone who can't speak proper English. Take it how you want to take it. You felt the need to comment again so I guess I struck a nerve. Have a good day.
