Thread: [LOOKING FOR DESIGNERS! // JOIN EDEN TODAY!!](#)

Despize - October 6, 2022, 8:33 am

Hello HF

I'm looking for talented designers to join a groups graphics design division. If you have what it takes then please leave a link with what work you have done!

All types of work are accepted. If you have a portfolio that's even better!

I'd also like to know why you think you have what it takes to join Eden. There will be contest and events set up by myself. Trying to improve the design community that we already have on HF.

I'll be interested to see reply's to the thread! And good luck to anyone that dose.

This sounds like a great idea, I was in the original graphics group called graphics masters way back and it's great to have a place to talk to other designers.

I've been doing freelance work on and off for the past 10 years and do graphic design, motion graphics, video editing, 3d, web, you name it!

Havn't really updated my portfolio in some years, but there's some old stuff I made here on HF.

Just link your portfolio or a thread with your work.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Unfortunately I'm looking for people with specific skills.

But I know what you mean people can't be bothered to put a little effort in.

That's correct on your part. There should be some guidelines for joining any groups. If no one is putting in the effort to join the group, we can't expect much even after joining.

people won't put a app in and just expect you'll invite them or approve them, if they do get in they do nothing for the group.

I agree with that.. no one puts the work in to prove they belong in a group!
