SpiritualDose' Thread Design Service
Brand your service, sell excellence.

What's this all about?

Welcome to my Thread Design service. This is a service specifically designated to assist you, the seller in a high quality, eye-appealing thread design to help deliver your products professionally. My service is priced reasonably so that any and all sellers can come get a great price, which should always be an important factor in starting a service aka a business. My prices will keep your start-up costs low, allowing you to reach a profit much quicker.

I am in no way a professional graphic designer, but have always been keen to social media marketing and understand what needs to be done. Main points to a thread design are the cleanliness, the color scheme, and the information being in the correct places, drawing potential customers to where they need. (Eg: Customers need to know WHAT their problem is, WHY they should use your solution, and HOW to get it solved.)

VOUCH - He gave me a vouch copy did really good so I sent him a tip!! I'd definitely use him and give a smaller creator the chance!

I'm interested in a vouch copy if you deem me worthy.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
