Thread: [Shisha, ciggerates or cigars?](#)

murt - October 7, 2022, 9:01 am

Which one do you guys prefer? Shisha, cigs or fat cigars.

I personally only smoke shisha, daily, for almost 10 years sometime this week.

Livewire - October 7, 2022, 9:02 am

I smoke cigarettes.

I need to quit soon.

quit cigs and start shisha

Komodo - October 7, 2022, 9:03 am

I stopped smoking years ago, but ended up dipping instead while trying to quit.

Cigars are the best every now and then, for a quick smoke I'd choose a cigarette still.

hekktikk - October 7, 2022, 9:03 am

smoked cigs for years. Now I just smoke weed and hit a nic vape every now and then.

I don't really smoke tobacco, very rare for me to smoke. If anything the form of tobacco I use would be rapé (pronounced ha-pay) which is a South American indigenous snuff made from mapacho (Brazilian tobacco/Nicotiana rustica) it is crushed into fine powder and combined with ashes. from certain plants, the final product is blown into the nasal passage. It's commonly done as a precursor to ayahuasca in ayahuasca ceremonies, it helps the user ground themselves and set an intention to prepare for the trip. I normally use it before I take any psychedelic.

i take a few drags after a cig when i have time to spare, its more of an extra thing to treat myself so even when im out its no issue.

for now at least lmao

LeetSpeed - October 7, 2022, 10:24 am

None of these, I used to smoke cigarettes'. I quit a few years ago.

Where's the option for Weed?

smh

pyrate - October 7, 2022, 10:56 am

I smoke crack and it keeps me STRONG!!!!!!!!!!!!

jcole - October 7, 2022, 1:39 pm

I don't do anything you mentioned. I know people in the family who have been smoking a pack a day of cigarettes, but that's just insanity to me literally. I did vape for a few months, but ended up giving up that habit fairly easily and haven't done it for over a month.

Zeus - October 7, 2022, 4:37 pm

This man said Shisha...

Get you a good cigarette down you

Michael - October 11, 2022, 12:48 am

A cigar every once in a while.

sweatpants - October 11, 2022, 12:48 am

Only real ones smoke ciggys

Koyote - October 11, 2022, 2:00 am

I don't smoke any more but I am partial to a nice cigar at a fancy event.

mark187 - October 11, 2022, 2:14 am

there is nothing like a cigar best is cuban but some of the new world cigars are ok too ,as long there longfillers

Juoku - October 11, 2022, 2:26 am

IMO, they each have their own "purpose".

I think it's best to avoid them all together BUT, Shisha is best with friends, Cigars are best with whiskey (specific ones) and cigarettes are best if you don't have enough weed, and you need to make a spliff.

shakur123 - October 11, 2022, 6:40 am

Cigars is my poison of choice, they taste awesome, look cool and to my knowledge doesnt had a bunch of weird sustances, just straight up nicotine

mickeh - October 11, 2022, 6:47 am

I smoke cigarettes but i need to quit soon

BillySpews - October 11, 2022, 7:16 am

To smoke daily I do cigarettes, but if I managed to quit then shisha occasionally is cool. You smoking it daily though? Crazy. Has to be worse then cigs.

Rahul007rhp - October 11, 2022, 7:38 am

Cigarette are cool rather than shisha which dont make me high
Never tried cigar

BiNBo - October 11, 2022, 7:45 am

As stated above, I have to agree that it's more of a situational thing for me. If I'm just standing out back, a nice cigarette does me just fine. However, at a fancy event or maybe a celebration, I love a good cigar. I do love to puff on some nice shisha out of a hookah, but that's something around here that you go to a hookah bar and sit with friends while you all drink and puff.

LoLukas - October 14, 2022, 12:58 pm

I personally mostly vape as its way more convenient and cheaper. Plus i can constantly change flavors and strength if needed.

Teleforce - October 14, 2022, 1:15 pm

I smock shisha daily, since 2015

Jean Noah - October 14, 2022, 1:30 pm

I smoke Cigs for years and planning to quit very soon.

StuffSneak - *October 14, 2022, 3:05 pm*

Shisha. It definitely gives me kick.

Haven't had an opportunity to try Cigars yet. Maybe in future. Cigs do literally nothing.

Such easy target you are ?

Seriously I have tried many brands but nothing kicked in. Although I don't try them often. That also might be the case. If someone is smoking daily, it will hit different I guess.
