The dumbest guy selling shit and won't reply for days, i lost hope days ago.
He sold me shit that never worked and was very responsive before purchase.

And this dude always crying about moving shifting and shit like that, literally the dumbest, dumbest guy I've ever come across.

His service never works literally a kid can do better than him, i haven't even sent 100 mails successfully.

Such a shame , 140\$ down the drain.

FU dude i hope you loose 10X more with your health and loved ones there if i am not getting my refund

Did you even check his profile before dealing with him?

I would never do any business with any guy with following history: <https://prnt.sc/ehcxjcyNvsiL>

It sucks anyways. Hope it gets resolved but I hardly think it will happen :/
