Yes, I prefer to do this through Voice Chat, so I can answer any questions and make sure that you get all the necessary info, step for step.

I believe he meant if you offer a Vouch copy.

Let me know if you offer the same. I would be happy to leave a detailed review.

Oh... Yeah true, I did not think of that. I am not offering a Vouch Copy, however, I will offer 50% discount off the 1st person to purchase this on the basis that they leave an honest review. As long as that is within the guidelines of HF.

What kind of earning can be expected here? Is it variable or a minimum per day, and if so, how much?

It is variable, however it is as 9.34% APY right now.

It is pretty stable though.

Hmm.... I will debate this in a few ways.

First of all, you have no idea what this is about, based on your answer.

secondly, 9% APY PASSIVELY and to have a very good entry into a coin, that could potentially go up, is a very good thing in the crypto world right now.

Thirdly.... If you go look at shitcoins that promises you 25% return or anywhere around there, then you already know that it is a scam. I do not deal with scam coins, I deal with coins that matters.

Clearly you are on uneducated individual.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Yes, this has to do with staking. If you are not interested in the price, tell me, what would a fair price be for knowledge where you get up to 9% ROI on your investment, yearly?

dheebak - September 2, 2023, 8:19 am

so wait .. its yearly 9%?

Yes around that! It fluctuates from time to time.
