Thread: [hi guys,how to hack android phone with pdf](#)

Giadabella09 - October 13, 2022, 10:42 am

hi guys how to hack a phone android 11 or 12 with pdf?

DramaKing - October 13, 2022, 11:43 am

You can't. Windows had some exploits regarding PDFs containing executable code. But Android, running on Linux, doesn't have execute permissions. So even if you had compatible malware bound to a pdf, it wouldn't be able to run.

jeeze lol some of the people in here

d3stiny255 - November 1, 2022, 1:10 pm

and I think we can explore this exploit
(exploit/android/fileformat/adobe_reader_pdf_js_interface)

An exploit that was patched in Adobe Reader 11.2 is hardly worth mentioning.
