Discreet - October 13, 2022, 10:42 am

Which do you prefer, and why is it Apple juice?

shakur123 - October 13, 2022, 10:45 am

OJ for sure, specially in the early morning

Bastille - October 13, 2022, 10:57 am

Apple Juice when it's the good one. The good Apple Juice is not the transparent

This is what I call "transparent", but that's maybe not the proper term :

I don't know this brand, I only used the image haha, but the "transparent" Apple juices are not the best in my opinion. When you squeeze an apple, the juice is not transparent ... doesn't feel natural for me.

Not sure where you're from but you should try Martinelli's Golden Apple Juice. It's literally the best. And it's kind of transparent.

I'm from France and I've never heard about this brand, I guess it's from US ?

I'm American, I'm not really sure if you can get it in France though. When in doubt check Amazon.

I'll take a look, but I know France is quite restrictive against some products from US, do you know that Twinkies are banned in France because they are too bad for health ? The only time I was able to eat some was in Amsterdam 10 years ago, I paid like 12€ (was like 16\$ at this moment) for a box of Twinkies, they were delicious ?

Sounds like the French don't know how to have fun. We're here for a good time, not a long time.

How many twinkies can in the box?

Osivien - October 13, 2022, 11:16 am

Apple juice always sir :D

I like this sentence man : "We're here for a good time, not a long time."

I'm not sure, it was 10 years ago, but I guess it was a box of 10 Twinkies. I discovered the Twinkies because of the movie called Zombieland

Hahaha, Yes Zombieland is a great movie. The sequel not so much. Twinkies are good, but not the best. You should try Snowballs if you ever get the chance.

This conversation lead me to open a new thread buddy haha, I'll mention you

Seaking - October 13, 2022, 11:40 am

Apple Juice. The only reason OJ takes this loss is because if you eat anything slightly minty it'll destroy you.

Pikachu - October 13, 2022, 11:45 am

Its not apple juice, definitely OJ. Apple and grape are my least favorite juices.

BiNBo - October 13, 2022, 12:15 pm

I use to love apple juice as a kid and hate orange juice. Now as an adult it's totally reversed, I love orange juice and hate apple lol.

Komodo - October 13, 2022, 12:16 pm

If vodka isn't involved than apple juice will win this battle anyday.

Juoku - October 13, 2022, 12:22 pm

Orange Juice everytime, I love Apple juice but a good, sour OJ wins the pot

Satoru Gojo - October 13, 2022, 12:33 pm

Ooh this is a really hard one. I think at the highest level they're pretty comparable, but on average I think apple juice might be better. Simply because it's sweeter than OJ.

Mimosas are a lovely treat during brunch though so OJ does have that over apple juice for sure

Prayz - October 13, 2022, 2:15 pm

Apple juice always gives me a sore throat

Nate - October 13, 2022, 7:44 pm

To be honest it just depends how I'm feeling, I usually have both in my fridge so it's like a coin flip haha

mickeh - October 13, 2022, 7:49 pm

I prefer ice cold Apple juice or mango juice

Charlie Sheen - October 13, 2022, 7:52 pm

Apple juice all day, I can kill a gallon in no time. Orange juice if I'm sick though.

Aeowulf - October 13, 2022, 8:27 pm

Apple Juice. Orange Juice is just too acidic.

?nxy - October 13, 2022, 8:29 pm

Apple Juice

Pretty gud.. I want some.

jcole - October 13, 2022, 10:44 pm

I will drink apple juice over orange juice usually, but am a fan of both.

Junot - October 14, 2022, 12:11 am

I'll take Orange juice, i like the taste and needs the fresh mood.

Prettykitty - October 14, 2022, 12:12 am

I'd say apple juice if assuming they're both from concentrate or non-concentrate but shelf stable or store bought.

If it's freshly made from fresh fruit then either one, but orange juice from fresh is what I'd like right now.

Michael - October 14, 2022, 12:13 am

Definitely orange juice, way better.

sweatpants - October 14, 2022, 12:46 am

I like both to be honest, but I prefer apple juice with my breakfast

?ord Frieza - October 14, 2022, 6:06 am

Orange theres more nutritional benefits

SIM-4932765 - October 14, 2022, 3:05 pm

Orange juice, it's a classic.

StuffSneak - October 14, 2022, 3:15 pm

Why only those 2 though. There are so many great choices. I personally prefer Mango/Watermelon/Muskmelon.

Jean Noah - October 14, 2022, 3:19 pm

Apple juice. Because I like Apple more than Orange, simple.

I love mango juice/pineapple juice, but it's not something you're going to have every morning.

LeetSpeed - October 15, 2022, 8:25 am

Apple juice all the way! Orange juice is ok.

That is true. Although, I really don't have juice daily anyway ?

In India it's not really that common to have a juice every day at breakfast or something.

Satoru Gojo - October 15, 2022, 8:28 am

Slightly off topic, but what's everyone thinking about apple cider?? It is getting to that time of year.

Second one just looks like orange juice

Tando - October 15, 2022, 9:50 pm

Apple juice messes with my IBS, orange juice is a bit sour.

Orange juice in the morning is amazing, orange juice for any other time is good. Damn this is a hard choice I'mma get back to you on that.
