Thread: [\[1 BTC + EARNED\] MAKE OVER \\$2000 EVERY WEEK \[WHITEHAT AUTOPILOT METHOD\]](#)

1tach1 - October 13, 2022, 2:25 pm

Selling a unique method that will help you earn thousands of \$ every week with crypto.

Setup of the method requires only a few minutes of your time and you are ready to start earning. The method is whitehat and can be done worldwide. You're going to be able to cashout your earnings daily by crypto.

Really good method for both beginners and experienced people in money making.

I've been doing this method for a couple of days now and managed to make over \$3000.

There is investment required that has to be done in crypto.

Full support is provided upon purchasing.

Latest Cashouts:

But as always only spend disposable money, if you're barely getting by, no method on HF is right for you.

So far so good.

To be fully transparent I started running this about 18 hours ago. I am currently in the profit \$25. His accounts have been doing this for a few weeks and are indeed in profit of around 0.25 BTC and I can confirm it is using the same exact method.

I plan to update this in a few days with progress.

do the method for about a week and I will be back to share my final results here.

(Nov 1, 2022 11:24 AM)Xest Wrote: [\[CITE\]](#) Update on this; I'm currently up \$500 which is the price of the method so I can say it has worked well so far.

Price of the method: \$500

Made good money with the method. Currently in the process of scaling it up to reach OP's daily earnings (\$1500+ per day). He's making that much for sure. He's very quick to reply to all my questions and concerns.

But as always only spend disposable money, if you're barely getting by, no method on HF is right for you.

Working worldwide. I will say that for the last 20 days of running this I never lost money. You can do your math. On average you need about 2 days to make back what you invest in the method so with the runs we are getting its extremely easy to profit. The best way is to not keep your eggs in 1 basket and you will be safe :)

I guess it is similar to bustabit that you can run betting script 24/7, but it is very risky, All profits got ripped off by only 3 - 4 continuous losses

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
