Juoku - October 16, 2022, 1:52 pm

Never, the only time a pineapple should be put on a pizza is when they both meet at the same trash can by mistake.

NEVER on purpose!!

DanielZ - October 16, 2022, 1:53 pm

you can get arrested in Italy.

Charlie Sheen - October 16, 2022, 1:55 pm

Upgrader - October 16, 2022, 1:55 pm

NOT FRUITS YOU RABBIT!

THERE'S ALSO CANADIAN BACON ON A HAWAIIAN PIZZA, AND THAT IS MEAT!

Salt + sweet = amazing combo.

Prayz - October 16, 2022, 2:06 pm

Cap - October 16, 2022, 2:09 pm

As an Italian myself, I can confirm.

Mac Miller - October 16, 2022, 2:50 pm

I actually don't mind it but rarely get it.

Seaking - October 16, 2022, 3:38 pm

I mean any topping works. Pineapple only works with a few other additions. Only monsters get a pizza with ONLY pineapple on it.

The best pizza has pineapple. It's the first and most normal topping for a pizza. Has to be with ham or bacon normally.

Pineapple is good. Pizza is good. Don't mix two good things.
