Thread: [Where did my friend Gary Clark Jr. go?](#)

Gary - October 16, 2022, 9:55 pm

It appears my friend [Gary Clark Jr.](#) formally known as @Praise Kek@ has taken a vacation ban for 3 days.

Does anyone know where he went? I'm trying to get a hold of him.

Post your favourite memories of him if you have any screenshots of his messages.

Hoping he will return back one day.

He probably took some time away from the forum to think about what his 100th thread will be. No worries [Gary](#) your buddy will be back.

I am lost without my best friend along my side. I wish he had left some contact information before he left. ?

Never take your true friends for granted. Is he not in your discord? I wish I was. ?

He left because you didn't make me admin in your discord, he's on strike.

How could I send it to him if I don't know how to contact him smorta?

StuffSneak - October 16, 2022, 11:23 pm

You should know whereabouts of you friends. This is not acceptable.

I mean it's just 3 days, he would see how much you missed him if you make it and send it digitally

next time he might not leave without telling his bestie
