Thread: [\[MAKE SOME BUCKS EVERYDAY | NEARLY 100% PASSIVE | EARN OR REFUND\]](#)

SIM-5189505 - October 18, 2022, 3:21 am

This is not a \$10.000 per month for \$50 ebook, this is a method which gonna last for sure years and you gonna make everyday a good amount of money.

In this course you will learn how to make a fair amount of money every single day nearly fully passive.

"Fully passive" = you have to withdraw manually.

Investment of at least \$20-\$50 is required to be able to make some bucks, additional money if you scale it

For every \$10 you may expect about 2\$-3\$ per week, so ROI after ~ 1-2 Months - (This doesnt have anything todo with Investing or some hyip shit)

\$100 Invest = ~80\$ monthly. The thing we're gonna use already exist since 8 years and there never has changed anything.

Earnings can vary, I always calculate with the the lower end, while its also possible to make \$20 from \$10 Investment in just one day, but thats rare.

So your money is never in danger, you gonna buy something from one of the most popular app/site in the whole world (50M users daily)

and If the worst case happens, you can sell the goods back at the same price without any doubt.

Setup takes a fair amount of time, no need to push something here. From 0-100 with \$50 Investment I would say approx 3-4h,

while you will get quicker on every single scale. (Personally it takes me about 15-20min per scale)

at no point you will need to talk/chat with anyone, its pure you work, no outsourcing or shit like that. (except on scaling, you will need some type of virtual goods from people, links are provided, You can get this also without talking to anyone at all, but this will cost a bit more.)

The best thing is, that its whitehat & the payout is in crypto (PayPal and Giftcards would work too)

- MM accepted

- Earn money or get a refund

(If you dont make any money within the first 7 days you get a refund

(only if its cause of the method, must show proof whats the not fixable problem)

- The method itself is 100% whitehat, legal and does NOT break any ToS.

- You need a Computer for it, on mobile it wont work.

- PDF File with step by step instructions using text explanation which goes straight to the point, every single sentence is useful and a must-read in noob format so everyone is able to understand and to execute it

Messaging you on discord about review copy as specified 2/2 are available.

Edit:

Below is my review:

I received a review copy of this method from OP. Thank you very much for the same.

Setup/Work:

This method does require work in the beginning. It's not very hard to setup although it will take fair bit of time. In terms of scaling, it will take some time and effort to set up because you are typically finding a "resource" online which OP references as investment in his explanation.

Usability:

This method is very doable and easy to follow. Moreover, he is offering support over discord so if any problem/query you get it will be resolved. I also chatted with him during I was reviewing it and he seems friendly and reasonable.

Profits:

This will make you money. Don't get me wrong, as OP has also mentioned, it is not fast money like 100\$ per day or so. But please keep in mind, it will take time to see actual profits from the investment. Most of the part is automated using tools/scripts.

Also, there are some factors which impact the earning potential. Some of which are in your hands, some aren't.

Costing:

Method will work. Slowly & steadily, you will make some money. However, considering the ROI and saturability of the method, I have talked with OP regarding the costing. It seems high to me to be completely honest.

Once again, thank you OP for providing a copy for review. I have tried to be fair with my opinion. Hope this helps!

Good luck with sales!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
