I have received a review copy from [tyroniii](#) and below are my impressions of the method.

Legality/Morality:

Grayhat. You are not doing any financial fraud in this method. Although there is something which is not really straightforward & allowed in TOS of the site we are using. So it can be termed Grayhat.

ebook & presentation:

It is a 13 page PDF document which is straight to point. No fancy shenanigans are done. All pages are filled with method which is neatly explained.

Difficulty:

Method is very easy to follow. Anyone with a computer access and over 18 years of age can do it. (Underage people can also do it but then it would be somewhat ethically wrong)

Technicalities:

There are no really prerequisites except a legit Paypal account. I am not sure if Paypal can be bypassed, I would have to dive deeper but on my first read, it seems Paypal is needed.

Overall:

I was actually surprised after reading through the method actually. It actually seems plausible if everything he has shown indeed goes as it is shown.

Will it make 1000\$ per day? I am not so sure. That seems too optimistic. You are earning certain amount per cycle of the method. So it really depends on how many cycles you perform to earn. With that said, I am going to put in the work and test the method in coming days.

Thank you [tyroniii](#) for giving me review copy. Good luck with sales!
