I never had any problems with you [bk randy](#) but you scamming and taking advantage of people in this community and surrounding is shameful as fuck. Nobody really cares if people come spamming on the forum while [Omniscient](#) is asleep. It just gives me and others entertainment to continue laughing at how pathetic you and other people are..

Did all the special kids reunite today on HF or what?

I guess the shortage of Staff and Admin being asleep is the reason.

Exactly.

No more staff.

Gives more room for plots.

Wrong move.

Aye jcole talk shit all you want but I'll always appreciate you.

Yeah shits bitter but that's what happens when people get greedy. Is what it is, already done.

And what have you achieved in that time, making all the members on here just disabling embedded media? Not that impressive.

making all the members on here just disabling embedded media?

What the fuck do you mean and who the fuck are you? Imfao

I'm just here to chat and clear things up, hell, we're all wasting time here when you think about it.
What's your point?
