Congrats man. I don't know how you do it I tried it once and got some free weed from the idiot that he mailed to my PO box and that was cool, but other than that I've never tried to do it before.

Doing this you need time, you need to find your way how to get to the customer, if you learn everything there should be no problem with earning money

LOL men are idiots. ??? sorry. Congrats to YOU though!

I have had to deal with men on dating sites that are like "send me pics, send me pics, send me pics" until I stop talking to them so I know what they can be like in that regard. I am not on dating sites to exchange "sexy" pics so I ghost.

People wasting your time will always be found, don't give them your time with such people there is no point in writing

A bunch of guys on dating sites do not want a woman to date and go places with, they want pics to masturbate too which getting them from a dating site is somehow more satisfying than looking up porn apparently. ?

But if you can get money out of them well that's something. You must have to get into talking about and seeing some gross stuff in this side hustle or job though.

Trifftherip - November 1, 2022, 10:14 am

Congrats man, you just sell pics of girls?

Die - November 9, 2022, 2:40 am

For one hour, it's a pretty good rate, I admit that I don't understand the phenomenon of "buying something that you can really have for free", but apparently people just like to pay???

Congratulations on the profit?

It's not about just seeing lady bits, it's about seeing the lady bits of this person you think you have a connection with. If you have any social skills at all ewhoring is literally printing money.

Congratulations but this kind of thing seems normal to me. Like I mean fuck it's how I live. Always happy to hear someone else doing well though but damn people are foolish.

Oh right you're the OP so I guess you mean ewhoring. Do you get grossed out and tired of guys saying gross stuff to you? I'm not judging. I worked on a call line at one point. Sigh.

People who send a dick pic or write bawdy things are most often timewasters. The people who sent me the most money were quite polite and asked questions about private life. They also wanted some nudes, but were not pushy

Oh that's nice. Yeah some guys like to imagine girls will send them free pics if they send stuff and nope. It's just annoying.

The idea they're talking to a real young hot woman is a lot more of a turn on for them than going to a porn site I guess. And I gather the con with most ewhores is that they're helping someone broke which is sad but that's what I gather reading threads?
