Thread: [Any drummers on this forum?](#)

pms - October 26, 2022, 2:30 am

I'm not really a drummer myself, i know a few things. I'm a guitarist.
But out of pure curiosity, are there any drummers on here? I doubt it but maybe?

Mac Miller - October 26, 2022, 11:45 am

I play guitar as well. also produce.

Goku - October 26, 2022, 12:04 pm

I really want to get a drum and go ham on it. But, I don't think that my neighbors would appreciate it xd

Maybe in the near future. Definitely one of my childhood want have.

1337GAMER - October 26, 2022, 12:14 pm

I played drums for a few years, many years ago. I had to sell them because I moved to a building where they weren't allowed to be played. Even with silence pads, the noise was bothering others.

I think about playing all the time, but doubt it will happen again as I still live in an apartment building. Maybe if I move to a house again at some point.

Vibe - October 26, 2022, 12:21 pm

Sadly all the pencil drumming in school did not turn me into a drummer

Cyam - October 26, 2022, 12:27 pm

It was my childhood dream to own whole set of drums, but that never happened. Now that I think of it, it's not very practical without an actual band imho

INCREDIBLE - October 26, 2022, 6:23 pm

HF has so many different types of people that I wouldn't be surprised to find, drummers are the least of them.

I don't know, i just felt like there was not going to be any drummers here, this place feels more techy.

Just get an electric set, smaller and make like no noise at all.

I have a 12 string for usual play but I have a PRS Zach Myres Tampra green for anything to do with recording.

I want to get my hands on a 12string as well. Man that PRS is beautiful, bet it sounds good as well.

Sounds great, really smooth, especially when I throw some new strings on it. I don't really play it anymore other than literally when I have to record loops or something. My 12 string is a crafter DX-10

Here is a video of me playing guitar, which actually won me my music lover award:

here's one I produced a few months ago, and used some of my friends verses, mix and mastered it:

If she wants to learn that specific piece (Ocean by John Butler) I can send her a 16 video tutorial on how to learn it

I've been playing the drums my whole life! I've even practiced really hard stuff, like what you'd see in prog metal bands like BTBAM etc
