FAQ

Q: Are all numbers really valid? A: Yes.

Q: Do you also offer custom provider phone leads by the countries that you offer?A: I normally put ALL leads in 1 huge text file, make it totally random and sell them from that text file + of course delete the numbers when sold. However I can sell custom providers, PM for pricing. Some providers are harder to get.

Q: Do you offer bulk discounts?A: As of now I try to keep this service relatively small so in short, no. Do kindly PM me if you have any inquiries. I can handle a few bigger custom jobs from time to time.

Q: Do you offer email leads as well?A: Not as of now. When I have these available, I shall create a seperate thread for this.

Q: Wanna do a collab, your leads my cashout method?A: No, I sell leads, and I'm not interested in ANY sort of collab WHATSOEVER.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
