Don't bother, this is a trash bin.

He only says - Go to Shopify, open an account, sell a product and advertise on TikTok and that's literally it LOL

Damn man, this is not exact selling method :D this is the method with ranking brand name dropship store and posting it WHEREVER you want. But I feel you and wish you the best. A lot Of people struggles with blocked affiliate or dropship stores links. In this case, you can't be banned by algo if there are no link.
