Jack.Of.All.Trades - November 2, 2022, 3:09 pm

Hi. i'm managing few hot teen OF models and I need traffic for them. Only offering percentage of revenue. The % split is good as models are happy with few K a month at max. PM me your TG username

I have traffic. I'm not sure how much you need per day/per week/per whatever tho.

If payment is good enough I can deliver most of my traffic to you, otherwise I'll keep it myself.

Thanks?

Sorry, I'm not a telegram fan. Don't want to give my number to even more companies. If you want to chat, either forum chat or tor chat will probably do.

Thanks ?

I "messed" you my questions here,

where you're going to answer is your decision.

Send your telegram or discord. If they are actually attractive can pull 20-30k/month first month.
