My creative cloud account has been expired. He is not answering my messages.

As he said " 300+ discord DM's and 100+ tickets.", I want fully refund since he cannot handle and take care of his costumers.

Cyam - November 3, 2022, 4:26 am

[Upgrader](#) I'm just disappointed you lied about this being an "actual contract with Adobe" and gave me a false hope it was all legit.

By the way OP, Upgrader reached out to me on Discord saying he'd refund me. I'm still waiting too, but we're homies so I won't be opening a dispute unless it's absolutely necessary

Well, I never had any problems with Upgrader, I don't think he's purposely scamming. As I said, I'm just disappointed he claimed it was a legal service which couldn't be revoked, but it was clearly a fraud.

I'm sure he will refund you, but honestly I would much rather have a working Adobe CC

No one called him "scammer", he looks legit with his service, BUT since he cannot answer to my messages and days running without using service that I paid for, Im asking for fully refund. That's all. Since he have poor customer service.

It's not that hard to refund me all amount (40\$). 3 days now i cannot work on PS and AE cause of CC, who gonna pay that work I lost?

I had the same issue with @Upgrader

Not worth opening a DD over, but he to told me I would receive a refund so hopefully I will.

I don't know if you have seen it or not. but it is a better option. Just have a look. It might help you out better than refunding full to everyone.

But according to other members here they're saying that he won't scam

Maybe he's pressured and couldn't handle the angry customers and took the easy way out.

\$40 exit scam. Nice big guy.
Nobody got a refund?

SourceCode101 - November 3, 2022, 2:00 pm

I'm sure he will refund you, but honestly I would much rather have a working Adobe CC looks like were all in the same boat. I dont plan on taking a partial refund for a service i received less than 10% of the service for. Full refund OR Adobe CC, either way pretty irritating this is clearly

a proxy sale and totally out of [Upgrader](#) 's hands.

Angela White - November 3, 2022, 9:53 pm

Hopefully he gets closed for this. Taking a vacation ban in the middle of deal disputes is proof that you have no intentions on refunding anyone.

Like bro did you really exit scam for like \$120 lol

I still don't think he has those intentions however I do feel the amount is way more than \$120. I think many people are still holding on and not created disputes yet.

Goku - November 4, 2022, 1:20 am

I got a vouch copy from a proxy seller that probably uses him.

Since I'm not eligible for a refund. I would definitely edit my vouch if Adobe CC wouldn't be active for at least 6 months.

Really a dick move to vac ban in the midst of multiple disputes.

Omniscient - November 4, 2022, 9:03 am

Nah, we talked only with his personal discord (Upgrader#9602) I guess.

lovel - November 9, 2022, 2:29 am

just goes to show even if you have 1000+ B Ratings you can still be a Low Quality scammer who ignores disputes.

My point has been fucking proven

?inimalist - November 9, 2022, 12:44 pm

Guys be careful.. he reply right now on discord and unsend the messages.

He said he created new account and probably start selling again or scam people again.

messages was like:

Upgrader: i'm back at HF

Me: Your account closed
From admin

Upgrader: i'm back with new account on HF

Me: Refund our money
Or give us your service

Upgrader: bye.

unsend messages.

Same he told me. He gonna comeback with another new account to start selling (scamming) again.

I think admin have to do something or find his IP if he gonna create new account.

They aren't going to do that. You know how many multis sign up on this forum everyday? You just have to do your part to not get scammed.
