Don't let Demon Asylum get all the eggs. The egg lottery is still ON for your Hackuman game!

These links have been updated so they are open lotteries. BUT get in quick on the Green because that's about to CLOSE!

These links have been updated so they are open lotteries with a new Green Egg. Now the red one is close to closing so grab a RED EGG.

Yup Demon Asylum is just getting all the eggs now that no one can see threads about eggs.

Well, randomness knows no pain, but from what I can see, the Demon has some kind of egg monopoly?

Don't worry about it, it's happened to me many times, sometimes people are not active on the forum and that's why your eggs don't sell. put them up again and you'll see them disappear. Because the market does not like standstill?
