Thread: [Could someone send a private message to a specific profile on reddit for me?](#)

thesociopathdeveloper - November 7, 2022, 12:58 pm

My brother has been avoiding me on every social media & sms messages, literally just hoping someone will private message "Hey, please reply to your brother" to a specific user. Can anyone on HF do this? Pretty please?

PxPxPx - November 7, 2022, 2:20 pm

this sounds like a odd request

Why couldn't you just make q new account
