Thread: [When You Poop - Do You Wipe Up Or Down?](#)

Blockonome - November 10, 2022, 8:14 am

Hi dear HF,

I, myself have always been wiping downwards when I go do my business on the toilet. A friend of mine told me that he is wiping upwards and I thought he was insane. Then I tried it, and it was the most awkward feeling ever.

Do you wipe upwards or downwards when you are cleaning your holy hole?

123 - November 10, 2022, 8:18 am

Bro why would you ask this

Because I want to see how HF are wiping their butts, this is important information to know about people.

Definitely, if we cannot talk openly about this, are we even humans? So tell me, my dear good sir, which of the options are your preference?

I suggest you just go ahead and answer my question, this is very important knowledge that I must acquire. UP or DOWN!?

mickeh - November 10, 2022, 8:50 am

front to back, you must be mad for doing it the other way

Teleforce - November 10, 2022, 8:51 am

We wash our a\$\$ with some liter of water then dry it with a toilet paper.

Not like your people who just make \$hit and wipe his/her a\$\$ with toilet papers lol.

Which country are you from? Is this with what they call a bidet?

Die - November 10, 2022, 9:35 am

Front to back is the only correct way; That goes for both Females and Males

I'd second that. The other way around and it gets all awkward.

I'm referring to a health reason; It applies more to females than males, but it all works the same.

If you wipe from back to front, you were either taught incorrectly as a child, or idk

Zexi - November 10, 2022, 9:48 am

Where i am from, we don't use toilet paper, i just scoop it with my hand and wash it with water from a plastic bottle.

SIM-587985 - November 10, 2022, 9:48 am

Just use a pressure washer. It is the only way to get 100% clean imho.

Refusal - November 10, 2022, 9:50 am

I wipe from left to right.

sometimes when im feeling a little froggy its right to left.

SSH - November 10, 2022, 10:24 am

I wipe up, wiping down is unsanitary and also why would you ever want to do this anyway. Let alone imagine a female doing it. LOL

SIM-5269352 - November 10, 2022, 10:45 am

Upwards ofc like any normal human being

Up is more sanitary. Especially for females... If you wipe back to front/down, you can get infected by the bacteria from the butt area... Also the pH level of the female parts are lower and the stuff from the butt can make it go up which could also result in infections...

clean - November 10, 2022, 3:52 pm

I don't wipe, I spray it with my bidet toilet and walk around with a wet ass all day.

DashPHP - November 11, 2022, 2:34 am

Vitani's Mate - November 11, 2022, 6:51 am

Front to back, why the fuck would you wipe towards your sack? That's how you end up with that fournier gangrene shit.

TheGrayFox - January 5, 2023, 7:35 am

If you have a good washer just insert your underpants material and it will take care of itself as you're walking ?

Jaywstreet - January 7, 2023, 12:04 am

Up and look everytime. Tend to utilize entire roll

MightyOne - January 7, 2023, 2:54 am

I think I wipe both ways? sometimes like this sometimes like that? Imfao

Theriz - January 7, 2023, 1:27 pm

The risk from wiping from back is to have your underpants brown from front, that's not good, so you will need to take a shower after that. ?

Baby - January 7, 2023, 2:05 pm

I was going to reply seriously but the initially relies made me laugh. I'm sure we're all on the same page here though.
