ULTRA™ - November 14, 2022, 2:48 pm

Get verified on [BRAND NAME REMOVED] in under 10 minutes without me having to log into your account!

I currently have a success rate of 100%  
No more vouch copies available.

Price: \$5 \$15 (cheaper for bulk orders) per [BRAND NAME REMOVED] account  
Taking BTC - ETH - USDT or Paypal F&F with a 20% fee

Proof:

The price tag of \$15 is subject to change at anytime.

I'm not responsible for what you do with your account after I verified it.

I don't need to log into your account, I simply need your Auth Token. If you don't know what this is, i'll explain it to you.

The verification CANNOT trigger a ban/shadowban. If you ever get shadowbanned, it's because you used your account the wrong way. (acting like a bot, changing IP etc..)

If you change your pictures, the blue check goes away and I cannot do it again for free. You will have to pay \$5 again, so be careful.

A little bit off topic. I am male and my face is banned on [BRAND NAME REMOVED]. I've tried literally everything you can imagine. Cannot get back on [BRAND NAME REMOVED]. All my accounts have trash ranking near 0, no matches, 1-2 likes at most from fakes. When I create accounts with other guys' pics everything works fine. Need an account just for myself. Will you be able to help me? When I say I've tried everything I mean it.

In my country there are no competitors of [BRAND NAME REMOVED]. This is literally the only option. I tried using Badoo and Bumble but there are no people. Useless.

After [BRAND NAME REMOVED] banned me with a letter asking not to register new accounts, I tried everything you can imagine: buying new phone, taking new pics with a photographer, buying a new expensive number (never used before me), going to a different location, I paid to guys who create accounts for money. They could not help.

I can't send you a DM as far as I understand. I will still try
