Limited time offer. You don't want to miss this one because you think it's going to be here all weekend.

Enjoy and thanks.

SALE IS NOW OVER

EDIT: Sale is now a BOGO (buy one get one free) offer. A downgrade from 3 for 1 but still an upgrade for no sale at all.

Nice promo! Happy thanksgiving friend. Great way to get the Turkey award ?

Yin Yang - November 23, 2022, 2:49 pm

Yes, love Black Friday deals. Going to buy 1 for now.

Omniscient - November 23, 2022, 2:51 pm

\$100 gets you 3 chances at that 1m Bytes and guarantees at least 30k bytes. Odds on that one are best with a guaranteed win.

CPA Exposé - November 23, 2022, 3:56 pm

Yay won 12,500 bytes! Going to buy another 3 in a bit

DemonAsylum - November 23, 2022, 4:06 pm

Picked up 2x \$10 cards and so ended up with 6 in total. Only came out of it with 7,500 bytes, but could have been worse. Ultimately I was just looking to have a little fun and support HF so it's a W in

my book :)

The more expensive the cards the higher the odds for payouts. The \$100 cards are by far the best.

Sekhmet - November 23, 2022, 4:10 pm

wow nice for sorry i have other plans for my today crypto but i hope i can save some for the scratch cards .

very nice black friday sale

You're such a gem to HF.

Pentatonix - November 23, 2022, 4:27 pm

Nice sale, I just picked up a few. I'll be buying more later tonight when I've had a few cold ones.

You're not counting the Turkey Award burn. Over 300k Bytes so far burned.

StuffSneak - November 23, 2022, 7:59 pm

Really cool offer. This is THE best chance anyone can have at HF games.

SIM-4668883 - November 23, 2022, 9:03 pm

Bought 4 \$10 cards so 12 in total, won around 57,000. Definitely enough for the turkey award ?
Thanks for doing this deal!

10.3m Bytes Barely 500k bytes added. About 450k bytes sunk in the Turkey award to counter. I just raised the Turkey award price as well. So yeah, we might hit 11m bytes in circulation. At one point we did have 12m. I keep my eye on it, I can adjust the pricing and adding sinks if we hit 12m again. Shouldn't be too hard to stay under 12m.

I dare you.

btw, if Bytes do hit somewhere around 12m I'm likely going to end this sale and replace it with a bytes sink offer that EVERYONE will want to get in on.

Nostre - November 24, 2022, 9:18 am

The \$100 scratch card is worth it. It guarantees at least 30k bytes and you get 3 total. You could potentially resell those bytes and profit if you didn't want to hold them.

InspectorGadget - November 24, 2022, 9:32 am

Bought the \$100, won 135K bytes across all 3 scratch cards. Hell yeah!

Edit: Bought my turkey award so down to 125K. ?

Edit 2: Damn son, I am bad at quitting slots. 35K gone to them.

Its not profit at 30K

You need to atleast get the 2nd tier at least 1.

The odds of T2 are far greater compared to the others. It's worth risking it IMO.

Yeah that is true. I was just saying the bottom tier only wouldn't be profitable. But yeah. its 40-40 so I guess it will be worth it.

Nostre - November 24, 2022, 10:19 am

It's tempting to grab another, trying to fight off the gambling addict inside of me. ?

Omniscient - November 24, 2022, 10:39 am

Sale over. Limited time did mean limited time.

To those who got in, congrats.

Thank you.

Omniscient - November 24, 2022, 10:58 am

We didn't even make it till Friday. :(Huge sale I guess.

Now I have to think of something else.

Resuming regular scratchcard sales tomorrow, I don't want people buying and thinking they would get 3 for 1.

Omni disabled it temporarily after he switched the offer off. So that people won't buy them as 1 for 3 by mistake.
