Hi,

If you are interested in going in to drop shipping & don't want to pay for Shopify after the normal 14 days trial, then you are in right place.

QL this post & leave a reply here, I will share the link in PM.
If you don't have Bytes for QL, post here I will send you them Bytes :)

I ain't using any movement brother. I already have the award. I am even offering bytes if anyone doesn't have them.

Its just a way to keep people engaged and keep the thread alive.

Don't really understand the problem behind this. Should I just send it to people of color you mean?
