Thread: iPhone IMEI, MAC, serial number, camouflage modification tool

juanshoutian - *November 26, 2022, 12:00 am*

If an iPhone is flagged or disabled by some APP devices like [BRAND NAME REMOVED], tiktok, sanp, etc, this iPhone will no longer be able to re-register or use them.
And this tool can disguise an old iPhone as a new iPhone. Avoid device disabling.
Save on the cost of buying a new iPhone

Main functions of the software

demo

https://youtu.be/d8dvSquO5NA

Main functions of the software
1: Fake location
2:change iPhone IMEI, MAC...various data
3: Change the model of your iPhone. iPhone 7 disguised as various models like iPhone 13 or XR....
4: Hide VPN. Hide Jailbreak properties
5:Unlimited camouflage modification frequency

Price: $50 per month

Conditions of Use: iPhone is jailbroken. Install via "cydia"

This tool is not available for all apps. So the first time you install, you will automatically get a 24-hour free trial
