Thanks brother! I'm astonished no one is looking for vouch copies, I have 3 invites and I have some MAJOR picks for the world cup and some NFL picks...

I'm personally in for more than \$500 and plan on bringing some numbers to the table.

Will post updates on my picks tomorrow, so far plenty of greens. 1 or 2 losses but that's to be expected. I offer risk-management bets to help customers keep risks low

Dredd - November 27, 2022, 2:40 am

Done business with this user previously can vouch for him.

SpiritualDose - November 27, 2022, 7:01 am

Hope to grab some business with anyone who wants to make some money. I have a few free VIP picks that I'm going to post here since I don't have many vouch users.

I appreciate this [interbellum](#) a lot.

I've never had a service on HF before, and I'm trying to remain confident. Today's picks weren't as hot as yesterdays, but I have personally made some decent money and I have some people around me that have been pleasantly surprised by yesterday's picks.

I'm just going to continue to build my picks, and focus on the growth of this service no matter what. I believe the right customers will come around soon enough.

I received a Vouch Copy from OP. At first it didn't go great right away but of course that makes sense with gambling. After this OP shared multiple other bets after which I also won several bets.

Since I normally only bet on soccer, I did not know all the types of bets that were available or how it worked with bets on NBA/NFL. After this, I received an explanation from OP so that I immediately knew how the bets were put together.

Nice guy and very helpful. Definitely something to try once, who knows it might work out well.
Thanks [SpiritualDose](#) :)

First time I've ever purchased a membership to a betting group, always been sceptical.

OP definitely takes care picking his bets for the day, the discord is well laid out and easy to understand, and I've already made a nice bit of pocket change to keep me going towards christmas

:)

Definitely recommend OP's service but always, ALWAYS remember... this is still gambling, and you may not have the same outcome as others.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

My free daily pick is typically a favorite for sure. However, My picks are diverse and have a range of odds. 99% of the time my picks are moneylines, pointspreads and game totals but occasionally I'll put player props out.

In my experience with this service, the customers within my discord prefer my straight calls and feel safer this way. Obviously it's gambling and some days we have some real upsets but every time I step out a bit too far as far as the general picks I put out, it's a grey zone that I'd rather shy away from.

Right on man. Every morning (typically by 9:30-10am EST) I have my premium picks and free pick posted.

Some mornings my IRL job has me covered for a bit later but always by 12 picks are posted. I cover multiple sports, at the moment MLB is the main coverage but NFL, Soccer, MLB, NBA, occasionally I'm running UFC picks as well.

Majority of my picks are straight up bets, but I do put together parlays with smaller units, and I love to cover Live-Odds Arbitrage where I make a call to bet on a moneyline of a team that's losing and has extremely profitable payouts if they come back and win. 2 weeks ago I hit a Padres +510 come-back with \$100 on the bet.
