Yeah that is true. I also feel this pricing is steal. Should be sold at asking price without any issue.

if i make some more profits in my trading, i'll buy this and i have a good project in mind to turn it to something good :)

Since when did this become an auction thread if I offered the BIN?

StuffSneak - November 28, 2022, 2:11 pm

You opened an auction with a BIN. If you expected more, shouldn't have set a BIN to be honest.

I just hope everyone knows what BIN stands for.

Let's see what happens.

Exactly. It's not worth fighting over. Your bid was 1.5 hours ahead of mine, and he's willing to accept a final bid before closing the auction. You might win, I might win. Who knows. ?

Mines wasn't a "bid", I made a "bid" day 1 on the thread for \$1000. Let it sat till today, no other broke boys showed interest or even "bid" higher than the \$1000.

I offered the "BIN" - buy it now price.

But I'll let it slide cause this is already cheap. Just don't be a snake next time.

How was I being a snake? He literally posted he'd take it unless someone else would offer more. I just now seen the thread and made my offer. ?

You or Zeus never accepted. You wanted more than I was willing to provide, and Zeuz kept trying to drag the numbers back up. I don't want a payment plan that results in me paying more than the group is worth. We were never in any agreement, so tf you going on about?

True i just wanted a solid 5 for mine bro u knew tht from the start. But your chance is here with [Trappy](#)

Well, I already sent him proof of funds. He just wants me to beat my own offer because Nix matched my offer. I'm not doing that, if my offer is beat, that's one thing. But I'm not bidding against myself while they match it. Lmfao.

Lavish Living - November 28, 2022, 4:39 pm

So who's getting this group is the question hmmm

Let's run it boys.

I believe [N](#) is getting it. I wouldn't raise a bid against myself. Which is fine, I could have if it meant that much to me, but it doesn't.

Wow, a group owner selling for a reasonable price. How surprising.

Is it sold yet? With all the BS in this thread I can't tell what the C/O is....

Thanks for clearing that up Scrubalub

Well I think he already sold it twice to [N](#) at the BIN and once at the UPPed price.

That was like 2 nights ago. How this is still open is beyond me.

Zexo - November 30, 2022, 8:55 am

So we doing this? We have had the funds ready waiting for a contract? We agreed to pay the BIN price.
