Still 100% FUD Runtime

Sales are on!

Richest. - December 20, 2022, 1:48 am

This looks really nice. The AVCheck link seems to be down for some reason though.

I wish you the best of luck with the sales OP.

Thanks for the kind words !

From my side the AVcheck link is working, might have been a temporary downtime from avcheck

You are absolutely right, AV check seems to be having this a lot. This morning the link worked fine.

However right now it doesn't anymore. Seems be going up and down.
