Hello to members. Lets make life easier.

List of some problems what i could resolve

You need better job or promotion

- Learn how to get promotion or start similar business yourself
- Help about things and people you dont like and are against you for no reason

You want to start own business

- I can help you make company to where ever you live.
- Help with business plan

Legal problems

- I will try to get you plan to resolve court cases
- Feel free to ask any problem you have

Internet security

- How to secure your PC and Phone
- Explaining what sent or downloaded files, photos, videos you have watched, everything you have typed can be redeemed and would be harmful
- Getting back files and info
- Controlling you child or workers
- How to be anonymous in internet

Problems with company

- Tax
- Loans
- Court cases

Bookkeeping problems

- Best solution to repair it

Loans you cant repay

- Depending of loan contract and country i will find solutions

Making money

- I will ask info about what you really want to do and make easy plan

Working with me:

I have been CEO in 32 different companies

I have taken over 1200 companies in Europe and learned every trick and secret how rich people work

All business is made online.

I have own system how to get clients, sell goods and services but with better price.

Im bookkeeper and lawyer so i can resolve any problems myself
I have advertising system what is better than services you can buy online

People who not pay back money to you

- After information i will find solution

- Problems with people with power

- Corrupted police

- Criminal groups

- Blackmailers who using something against you

Health

- How to deal with depression

- How to boost brainpower

- How to get free from alcohol, smoking and drugs

- How to know what health problems you will mostly get

- How to get real picture from your current health

Feel free to ask any issues you have.

All i have learned and will want to learn more when we work out solutions for you.

All information is proven on myself and i worked not for money. I invested 20 years to collect connections and collected favors.

Lot of people who i have helped or are scammer or blackmailed me are offering services and help what i dont need myself.

So most services are free but if i need to work hard i will be asking FEE THAT YOU C AN AFFORD AND MAYBE FROM MONEY YOU MADE WITH ME.

As I read this, I start to get a false sense that Batman actually runs the streets of his Gotham City and is the only bulwark of righteousness fighting for justice?

And seriously, I see that we have similar life experiences, it's good that you want to share it to get others out of trouble?

I hope that your experience will help those who need it, the attitude is most worthy of imitation?
