Who's the scariest killer in all the movies?

For me is Freddy Kruger that dude gets you in your dreams, you can't outrun him. You have to sleep. Jeepers Creepers is next up after him, if that dude scooped me up and carried me away I'd promise him the nastiest of shit if he let me go.

It isn't iconic but the killer from the movie The Rental was scary af. He seemed like a combination of Jason Vorhees and Michael Myers.

And the killers from the movie The Strangers.

The Strangers is an all time favorite for me. Terrifying situation. The Rental wasn't scary for me, and here's the main reason why. I bought that same exact mask on Amazon for \$40 years before the movie came out as part a prank I was going to pull on someone. Still have it today somewhere in the garage. Was an okay movie.

Texas Chainsaw movies are pretty good, especially that one that came out in the early 2000s.

That movie was really good I want to see someone do the same kind of movie except with Jack The Ripper.

I never saw that one, but I'm very aware of the zodiac killer. I'm going to have to add that to the list, that's a solid cast.

For me it always Freddy Krueger would be the top on the list....A Nightmare on Elm Street film series was one of my top favorite.
