I ended up flipping the 2k and it was green so

Not 4 minutes later not only did HE gamble and lose the 2k but I lost 30k. Fortunately I sold my 50k before gambling those away too

Big oofs, but it's always wise when you're down a bit to stop or sell. I've watched 100k+ vanish when people try to claw their way back from the pits.

Hah I got up to 80k, sold 50k to DemonAsylum and then gambled the rest of 30k away
