Everybody knows the debate oldschool vs newschool haha.

Which site do you stand?

I like both oldschool for the lyrics, newschool for the vibe

new school. just gotta know where to look

Y3llows - December 28, 2022, 3:54 am

I'll say oldschool

Just because it's literally the backbone and foundation of all rap we know today. Don't get me wrong, the new shit thumps heavy!

I rarely listen to rap but I think i prefer the old school rap.

Both are good, but it seems like the new school guys who are lyrically talented don't get any recognition
